\* To receive college credit, students must earn a grade of 'B' or better and be recommended by the instructor.

The Aviation Maintenance program follows NMU's calendar and start on Monday, August 22nd.

Student selection for these programs will be based on all of the following:

1. Application
2. Current high school attendance.
3. Recommendation by counselor or principal.
4. Interview with instructor and/or program supervisor.

**Students are responsible for their own transportation to and from NMU's Jacobetti Center.**

Because these programs have their own calendars, students are required to attend class on days when their home districts may not be in session such as Professional Development days, High School Spring Break, and Records days. **Poor attendance may result in the student being dropped from the program.**

If the number of applications exceeds seats available, MARESA district student seat allocations may apply.
