

NICE COMMUNITY SCHOOLS

COVID-19 Preparedness and Response Plan

Name of District: NICE SCHOOL DISTRICT

Address of District: 300 South Westwood Dr. Ishpeming, MI 49849

District Code Number: 52015

Web Address of the District: nice.mi.k12.mi.us

Name of Intermediate School District: Marquette-Alger Regional Educational Service Agency

Name of Authorizing Body (if applicable): NA

Preparedness Plan Introduction

Governor Whitmer's [Executive Order 2020-142](#) "provides a structure to support all schools in Michigan as they plan for a return of pre-K-12 education in the fall. Under the order, school districts must adopt a COVID-19 Preparedness and Response Plan laying out how they will cope with the disease across the various phases of the [Michigan Safe Start Plan](#). In turn, the accompanying Michigan Return to School Roadmap offers a guide to the types of safety protocols appropriate during each phase. There's no one-size-fits-all solution: What works in Lansing may not work in Sault Sainte Marie. Districts will retain the flexibility to tailor their instruction to their particular needs and to the disease conditions present in their regions." (EO-2020-142)

Each district (public, public school academy (PSA), nonpublic, and intermediate school district (ISD) that educates pre-K-12 students) shall submit a single completed Assurance Document and Preparedness Plan to its Board in time for approval by August 15 or seven days before the first day of school, whichever comes first. This template, when completed, serves as a single Assurance Document and Preparedness Plan.

The Preparedness Plan will be collected by the Intermediate School District for public school districts, the authorizing body for public school academies, or the chief/designated school administrator for nonpublic schools for transmission to the State Superintendent of Public Instruction and State Treasurer by August 17, 2020. Additionally, this Preparedness Plan must be posted on the district's/PSA's, or nonpublic school's public website home page no later than August 17, 2020. A single application should be filed by the district rather than multiple applications for individual schools within a district.

Preparedness Plan Assurances

The District agrees to meet all of the following requirements of Executive Order 2020-142

- ✓ The District assures that when it provides in-person instruction to its students without disabilities, the district must also provide in-person instruction to its students with disabilities, consistent with their individualized education programs (IEPs).
- ✓ The District assures that when schools are closed to in-person instruction, districts must strive in good faith and to the extent practicable, based upon available resources, technology, training, and curriculum, as well as the circumstances presented by COVID-19, to provide equal access to any alternative modes of instruction to students with disabilities from birth through age 26. This assurance includes the provision of auxiliary services under section 1296 of the Revised School Code, MCL 380.1296.
- ✓ The District assures that while any state of emergency or disaster related to the COVID-19 pandemic continues, it shall comply with guidance from the United States Department of Education, including its Office of Civil Rights and Office of Special Education and Rehabilitative Services, and the Michigan Department of Education concerning the delivery of alternative modes of instruction to students with disabilities in light of the impact of COVID-19.
- ✓ The District assures that it shall, to the extent practicable and necessary, make individualized determinations whether and to what extent compensatory services may be needed for students with disabilities in light of the school closures during the 2019–2020 school year.
- ✓ The District assures that during **Phase 1, 2, or 3** of the *Michigan Safe Start Plan* it will close its buildings to anyone except: (a) District employees or contractors necessary to conduct minimum basic school operations consistent with a Preparedness Plan, including those employers or contractors necessary to facilitate alternative modes of instruction, such as distributing materials and equipment or performing other necessary in-person functions. (b) Food-service workers preparing food for distribution to students or their families. (c) Licensed child-care providers and the families that they serve, if providers follow all emergency protocols identified by the state.
- ✓ The District assures that during **Phase 1, 2, or 3** of the *Michigan Safe Start Plan* it will suspend athletics, after-school activities, inter-school activities, and busing.
- ✓ The District assures that during **Phase 1, 2, or 3** of the *Michigan Safe Start Plan* it will provide for the continued pay of school employees while redeploying staff to provide

meaningful work in the context of the Preparedness Plan, subject to any applicable requirements of a collective bargaining agreement.

- ✓ The District assures that in **Phases 1, 2, or 3** of the *Michigan Safe Start Plan* it will provide for the continuation of food distribution to eligible students.
- ✓ The District assures that during **Phase 4** of the *Michigan Safe Start Plan* it will prohibit indoor assemblies that bring together students from more than one classroom.
- ✓ The District assures cooperation with the local public health department if a confirmed case of COVID-19 is identified, and agrees to collect the contact information for any close contacts of the affected individual from two days before he or she showed symptoms to the time when he or she was last present in school.

Preparedness Plan

Every district must develop and adopt a COVID-19 Preparedness and Response Plan (“Preparedness Plan”) that is informed by [Michigan’s 2020-21 Return to School Roadmap](#) (“Return to School Roadmap”) from the COVID-19 Task Force on Education and Return to School Advisory Council.

In accordance with Executive Order 2020-142 a plan must include all the following parts:

A. The policies and procedures that the District will follow when the region in which the district is located is in **Phase 1, 2, or 3** of the *Michigan Safe Start Plan*.

1. Describe how the district will offer alternative modes of instruction other than in-person instruction and a summary of materials each student and the student’s parents or guardians will need to meaningfully access the alternative modes of instruction included in the Preparedness Plan. If the Preparedness Plan relies on electronic instruction, the Preparedness Plan must consider how the district will aid students who lack access to computers or to the internet. This is also in the Continuity of Learning and COVID-19 Response Plan submitted in April. You may want to update and link to this plan in your response below.

We will continue to implement our COVID 19 Response Plan linked below. We will offer electronic and hard-copy options for distance learning. We will also partner with Northern Michigan University to continue to offer distance options as outlined in our COVID 19 Response Plan found here: <https://nice.k12.mi.us/wp-content/uploads/2020/04/COVID-19-Plan-NICE-Schools-4.8.2020-Approved.pdf> This will be a living document and ongoing effort to ensure equitable access for all our students.

Teachers/Staff will be expected to make weekly contact with students and have two-way communication. This may be done through the use of technology or through weekly phone calls or texts. If students do not have access to technology, teachers will provide instructional packets that focus on essential content, building relationships, and maintaining connections. For those students without technology, the main mode of delivery will be through hard copy instructional packets. This will be supplemented with phone conferencing to support instruction.

B. The policies and procedures that the District will follow when the region in which the District is located is in **Phase 4** of the Michigan Safe Start Plan. Those policies and procedures must, at a minimum, include:

1. **Face coverings** (p. 22)

- a. Please describe how the district will implement **requirements** for facial coverings that at a minimum require the wearing of face coverings, except during meals and unless face coverings cannot be medically tolerated, for:
 - i) All staff and all students in grades preK-12 when on a school bus.
 - ii) All staff and all students in grades preK-12 when in indoor hallways and common areas.
 - iii) All staff when in classrooms.
 - iv) All students in grades 6 and up when in classrooms.
 - v) All students in grades kindergarten through grade 5 unless students remain with their classes throughout the school day and do not come into close contact with students in another class.

All persons wishing to enter our buildings will adhere to the face coverings directives outlined under requirements in Phase 4 of the Michigan Safe Start Plan and as outlined above. We will set and maintain expectations which require face covering guidelines per the instructions above, including all subsections if we are in Phase 4. There will be no exceptions unless officially documented by a licensed doctor. All students and staff will abide by these rules and regulations without contestation and within the letter of all applicable laws. When in Phase 4, facial coverings will be worn in hallways, common areas, and classrooms by every person in each building except during meals, and facial coverings will be worn on buses at all times.

To clarify:

- Facial coverings must always be worn by staff except for meals.
- Facial coverings must be worn by PreK-12th Grade students, staff, and bus drivers during school transportation.
- Facial coverings must always be worn in hallways and common areas by PreK-12th Grade students in the buildings except for during meals.
- Facial coverings must be worn in classrooms by all students grades PreK-12th Grade.

- The expectations for the wearing of face coverings and how to obtain clean face coverings will be included in all district to parent communications.

2. Hygiene

Please describe how you will implement the **requirements** for hygiene protocols from the *Return to School Roadmap* (p. 22-23).

We will carefully adhere to the required provisions of the MI Safe Start Safety Protocols regarding adequate supplies for healthy hygiene and healthy hygiene behaviors including all instructional components. These required provisions and protocols are outlined on pages 22 and 23 of the *Return to School Roadmap*. Hand sanitizer stations will be available throughout each building, classroom, and bus. We will teach and reinforce handwashing and cough-covering protocols.

To clarify:

- We will provide adequate supplies (i.e. soap, hand sanitizer, paper towel, tissues, and signs to reinforce proper handwashing).
- We will teach and reinforce handwashing.

3. Cleaning

Please describe how you will implement the cleaning **requirements** for cleaning protocols from the *Return to School Roadmap* (p. 27).

We will carefully follow the required cleaning protocols as outlined in the MI Safe Start Safety Protocols as outlined on page 27 of the *Return to School Roadmap*. Frequently touched surfaces including light switches, doors, benches, bathrooms, etc. will undergo cleaning at least every four hours with either an EPA-approved disinfectant or diluted bleach solution. Media centers, computer labs, arts, and other hands-on classrooms will undergo cleaning after every class period with either an EPA-approved disinfectant or diluted bleach solution. Student desks must be wiped down with either an EPA-approved disinfectant or diluted bleach solution after every class period. Playground structures will continue to undergo normal routine cleaning, but using an EPA approved disinfectant is unnecessary. We will ensure safe and correct usage and storage of cleaning and disinfection products, including storing products securely away from children, and with adequate ventilation when staff use products. Staff members must wear gloves, surgical masks or face shields when performing all cleaning activities.

To clarify:

- Frequently touched surfaces including light switches, doors, benches, bathrooms, will undergo cleaning at least every four hours.
- Libraries, computer labs, arts, and other hands on classrooms will undergo cleaning after every class period.
- Student desks will be wiped down with either an EPA-approved disinfectant or diluted bleach solution after every class period.
- We will ensure safe and correct use and storage of cleaning and disinfection products.
- Staff will wear gloves, masks, and face shields when performing all cleaning activities.

4. Athletics

Please describe how you will implement the **requirements** for athletics protocols from the *Return to School Roadmap* (p. 27).

We will carefully follow the protocols and provisions governing Athletics as they are outlined on page 27 of the *Return to School Roadmap*. Indoor spectator events are suspended. Outdoor spectator events are limited to 100 people. Spectators not part of the same household must maintain proper social distancing.

We will comply with all guidance published by Michigan High School Athletic Association (MHSAA) and the National Federation of State High School Associations (NFHS). We will ensure proper hand hygiene techniques before and after every practice, event, or gathering. Every participant will confirm that they are healthy and without any symptoms prior to any event. All equipment will be disinfected. Inter-school competitions may be held provided that facial coverings are worn if school transportation is provided. Buses will be cleaned and disinfected. Spectators are allowed provided that facial coverings are used by observers and six feet of social distancing is maintained. Athletes will use clearly marked water bottles for individual use, there will be no sharing of water bottles. Handshakes, fist bumps, and other unnecessary contact must not occur. Indoor weight rooms and physical conditioning activities that require shared equipment are suspended. Large scale indoor spectator events are suspended. Large scale outdoor spectator or stadium events are limited to 100 people and spectators will maintain six feet of distance from one another.

If we are in Phase 4, all athletic programming will be suspended until our region has maintained Phase 5 status for at least 28 consecutive days pending directions from the MHSAA and State of Michigan. At that point, consideration for resuming athletics for the next available sports season (fall, winter, spring) will be made. (Budgetary priorities for core instruction and safety as well as inability to adequately train,

clean/disinfect equipment, safely transport students, and monitor spectator and competitor compliance will contribute to this decision.)

5. Screening

Please describe how you will implement the **requirements** for screening protocols from the *Return to School Roadmap* (p. 24).

Our District Nurse and our local hospital and health department will assist us in screening our students and staff for COVID 19 symptoms. We will adhere to all of the required guidelines established in the *Return to School Roadmap outlined on page 24*. We will partner and fully cooperate with our local public health department. Students and staff members exhibiting any symptoms of COVID 19, including a temperature in excess of 100.4 degrees fahrenheit, will stay home. Students and staff with symptoms of COVID 19 at school will be quarantined with a mask until they are transported home.

From the time of identification of potential infection, the student or staff member will not be left unattended by the quarantine officer and a log sheet of activity will be maintained at 5-minute intervals until the student or staff member is safely removed from the building.

Parent communication will be made immediately with clear and concise directions on where and how to pick up the student and where to report for testing.

All school staff will be required to conduct a health safety self assessment at home prior to coming to work. This will include taking their own temperatures. Employees who are ill or showing symptoms will stay home from work.

Positive tests for staff members will result in a required quarantine away from school for 14 days. Days of quarantine for COVID-19 positive results will **not** count against employee PTO allocations.

We will cooperate with the local public health department regarding implementing protocols for screening students and staff.

6. Testing

Please describe how you will implement the **requirements** for testing protocols from the *Return to School Roadmap* (p. 25).

Our District Nurse and our local hospital and health department will assist us in implementing testing protocols for our students and staff for COVID 19 symptoms. We will adhere to all of the required

guidelines established in the *Return to School Roadmap* outlined on page 25. We will partner and fully cooperate with our local public health department. Students and staff members exhibiting any symptoms of COVID 19, including a temperature in excess of 100.4 degrees fahrenheit, will stay home. Students with symptoms of COVID 19 at school will be quarantined with a mask until they are transported home.

If a confirmed case of COVID-19 is identified, we will collect the contact information for any close contacts of the affected individual from two days before she/he showed symptoms to the time when she/he was last present at school. In the event of a positive COVID-19 case, we will notify the local health department, staff, and parents while maintaining confidentiality consistent with the Americans with Disabilities Act, FERPA, HIPAA and other applicable federal and state privacy laws.

Employees with a confirmed case of COVID-19 should only return to the workplace after they are no longer infectious; local health officials will provide instruction about return to work protocols, using the most current guidelines from the CDC for this determination.

To reiterate, our school district will cooperate with the local public health department regarding implementing protocols for screening students and staff.

7. Busing and Student Transportation

Please describe how you will implement the **requirements** for busing and student transportation protocols from the *Return to School Roadmap* (p. 28).

We will adhere to all requirements for Busing and Student Transportation protocols as outlined in the *Return to School Roadmap* on page 28. We will require the use of hand sanitizer before entering a bus. The bus driver, staff, and all students in grades PreK-12th Grade, if medically feasible, must wear facial coverings while on the bus. (Note: there may be situations where it is not safe for the bus driver to wear a facial covering. These protocols will be outlined by the Michigan State Police who govern school bus transportation.) Our decisions about these situations will be made on a case-by-case basis with local public health officials.

We will clean and disinfect transportation vehicles before and after every transit route. Children will not be present when a vehicle is being cleaned. We will clean and disinfect frequently touched surfaces in the vehicle (e.g., surfaces in the driver's cockpit, hard seats, arm rests, door handles, seat belt buckles, light and air controls, doors and windows, and grab handles) prior to morning routes and prior to afternoon routes. We will clean, sanitize, and disinfect equipment including items such as car seats, wheelchairs, walkers, and adaptive equipment being transported to schools daily.

We will create a plan for getting students home safely if they are not allowed to board the vehicle. If a student becomes sick during the day, they will not use group transportation to return home and will

follow protocols outlined above. If a driver becomes sick during the day, they must follow protocols for sick staff outlined above and will not return to drive students. Weather permitting, we will keep doors and windows open when cleaning the vehicle and between trips to let the vehicles thoroughly air out. Weather permitting, we will consider keeping windows open while the vehicle is in motion to help reduce spread of the virus by increasing air circulation, if appropriate and safe.

To clarify:

- Bus drivers, staff, and all students in grades PreK-12th Grade, if medically feasible, must wear facial coverings.
- We will clean and disinfect transportation vehicles before and after every transit route, including cleaning and disinfecting frequently touched surfaces in the vehicle prior to morning routes and prior to afternoon routes.
- We will clean, sanitize, and disinfect equipment including items such as car seats, wheelchairs, walkers, and adaptive equipment being transported to schools daily.
- If a student becomes sick during the day, that student will not use group transportation to return home.
- We will create a plan for getting students home safely if a student is not allowed to board a school bus and the student's parent/guardian cannot transport the student home.
- Weather permitting, we will keep doors and windows open on our buses when they are not in use during school hours.
- If safety and weather allows, we will keep windows open while buses are in motion.

C. Describe the policies and procedures that the district will follow when the region in which the district is located is in Phase 5 of the Michigan Safe Start Plan.

Facial coverings must always be worn in hallways and common areas by every person in the building except for during meals. Facial coverings must always be worn on busses. Facial coverings must always be worn in classrooms by PreK-12th Grade students except during meals. Hand sanitizer stations will be available throughout each building, classroom, and bus.

We will teach and reinforce handwashing protocol. Parents are asked to check their children's temperature at home every morning; students with a temperature of 100.4 or greater will stay home from school and consider COVID-19 testing if no other explanation is available. Staff will check their

temperature at home every morning; staff with a temperature of 100.4 or greater will stay home from school and consider COVID-19 testing if no other explanation is available. Students who become ill with symptoms of COVID-19 at school will be quarantined with a mask until transported home.

Symptomatic students sent home from school will be kept home until they have tested negative or have completely recovered according to CDC guidelines. In the event of a positive COVID-19 case the school will notify the local health department, staff, and parents while maintaining confidentiality consistent with the Americans with Disabilities Act, FERPA, HIPAA, and other applicable federal and state privacy laws.

Employees with a confirmed case of COVID-19 should only return to the workplace after they are no longer infectious; local health officials will provide instruction about return to work, using the most current guidelines from the CDC for this determination.

For athletics, indoor spectator events are limited to 50 people (parents only). Outdoor spectator events are limited to 250 people. Spectators not part of the same household must maintain proper social distancing.

Regarding cleaning, frequently touched surfaces including lights, doors, benches, and bathrooms should undergo cleaning at least every four hours with either an EPA approved disinfectant or diluted bleach solution. Student desks will be wiped down with either an EPA-approved disinfectant or diluted bleach solution after every class period. Staff will wear gloves when performing all cleaning activities.

Regarding transportation, all people on busses will wear a mask, if medically feasible (bus drivers will follow the procedures set forth by the Michigan State Police who govern school bus transportation). Hand sanitizer must be applied when entering a bus. Busses will be cleaned and disinfected in between routes. If a student becomes sick during the day, that student cannot ride a bus home. If a driver becomes sick during the day, that driver cannot return to drive students. Weather and safety permitting, windows will be open while a vehicle is in motion. When a vehicle is parked during school hours, the doors and windows will remain open, weather permitting.

1. Indicate which highly recommended protocols from the *Return to School Roadmap* the district will include in its Preparedness Plan when the region in which the district is located is in **Phase 5** of the *Michigan Safe Start Plan*.

PERSONAL PROTECTIVE EQUIPMENT

Facial coverings must always be worn by staff except for meals.

Facial coverings must always be worn in hallways and common areas by Pre-K-12th Grade students in the building except for during meals.

Facial coverings must always be worn in classrooms by PreK-12th Grade students except during meals.

HYGIENE

We will provide adequate supplies (i.e. soap, hand sanitizer, paper towel, tissues, signs to reinforce proper handwashing, etc.).

We will teach and reinforce handwashing.

We will educate staff and students on how to cough and sneeze properly.

Students should wash their hands or use hand sanitizer after changing any classroom.

SCREENING STUDENTS AND STAFF

We will identify and designate a quarantine area. Students and staff who become ill with symptoms of COVID-19 will be placed in an identified quarantine area with a surgical mask. Students and staff who become ill with symptoms of COVID-19 will be sent home.

TESTING PROTOCOLS FOR STUDENTS AND STAFF AND RESPONDING TO POSITIVE CASES

Students who develop a fever or become ill with COVID-19 symptoms at school will wear a mask and be transferred to that student's parents/guardians for off-site testing and quarantining protocols.

Symptomatic students and staff sent home from school will be kept home until they have tested negative for COVID-19, have completely recovered, or have been released from isolation according to CDC guidelines.

Staff who develop a fever or become ill with COVID-19 symptoms at school will wear a mask and be transported for off-site testing and quarantining protocols. Symptomatic students and staff sent home from school should be kept home until they have tested negative for COVID-19, or have been released from isolation according to CDC guidelines.

Families should be notified of the presence of any laboratory positive or clinically diagnosed cases of COVID-19 in the classroom and/or school to encourage closer observation for any symptoms at home.

In the event of a lab or clinically diagnosed case of COVID-19, immediate efforts should be made to contact any close contacts (those who spent more than 15 minutes less than six feet in close proximity to the student or staff member) so that they can be quarantined for 14 days at home or as directed by

the department of health. At this time, empiric testing of all students or staff members in the class is not recommended. Only those that develop symptoms require testing for COVID-19.

RESPONDING TO POSITIVE TESTS AMONG STAFF AND STUDENTS

We will notify local health officials, staff, and students immediately of any possible case of COVID-19.

Employees with a confirmed case of COVID-19 will only return to the workplace after they are no longer infectious as directed by the department of health.

We will follow the directions of the Marquette County Health Department regarding building-wide and/or district-wide closures.

FOOD SERVICE, GATHERINGS, AND EXTRACURRICULAR ACTIVITIES

Serving and cafeteria staff will use barrier protection including gloves, face shields, and surgical masks.

Students, teachers, and staff will wash hands before and after every event.

All gatherings, including those that occur outdoors (e.g., graduations) should comply with current and future executive orders that set caps on congregations of people.

If field trips occur, they should comply with transportation guidelines within this document.

ATHLETICS

Indoor spectator events are limited to 50 people.

Large scale outdoor spectator or stadium events are limited to 250 people.

Students, teachers, and staff must use proper hand hygiene techniques before and after every practice, event, or other gathering.

All equipment must be disinfected before and after use.

Buses will be cleaned and disinfected.

Participants will use a clearly marked water bottle for individual use, there will be no sharing of water bottles.

Indoor weight rooms and physical conditioning activities are allowed. Social distancing of six feet between participants should be maintained

Handshakes, fist bumps, and other unnecessary contact should not occur.

CLEANING

Frequently touched surfaces including light switches, doors, benches, bathrooms, etc. will undergo cleaning at least every four hours.

Libraries, computer labs, arts, and other hands-on classrooms must undergo cleaning after every class period.

Student desks must be wiped down with either an EPA-approved disinfectant or diluted bleach solution after every class period.

We will ensure safe and correct use and storage of cleaning and disinfection products.

Athletic equipment will be cleaned with either an EPA-approved disinfectant or diluted bleach solution before and after each use.

BUSING AND STUDENT TRANSPORTATION

Hand sanitizer will be used before entering a bus.

Bus drivers, staff, and all students in grades PreK-12, if medically feasible, must wear facial coverings. (Bus driver protocols will comply with Michigan State Police rules and regulations regarding school bus transportation.)

We will clean and disinfect transportation vehicles before and after every transit route.

We will clean and disinfect frequently touched surfaces in the vehicle prior to morning routes and prior to afternoon routes.

If a student becomes sick during the day, they will not use group transportation to return home.

We will create a plan for getting students home safely if they are not allowed to board a bus.

We will clean, sanitize, and disinfect equipment including items such as car seats, wheelchairs, walkers, and adaptive equipment being transported to schools daily.

MEDICALLY VULNERABLE STUDENTS AND STAFF

We will systematically review all current plans (e.g. Individual Healthcare Plans, Individualized Education Plans, Individualized Family Service Plans, or 504 Plans) for accommodating students with special healthcare needs.

We will create a process for students/families and staff to self-identify as high-risk for severe illness due to COVID-19 and have a plan in place to address requests for alternative learning arrangements or work reassignments.

2. Indicate which highly recommended protocols from the *Return to School Roadmap* the district will not include in its Preparedness Plan when the region in which the district is located is in **Phase 5** of the *Michigan Safe Start Plan*.

None.

D. After considering all the protocols that are highly recommended in the *Return to School Roadmap*, please indicate if a school plans to exclude protocols that are highly recommended for any of the categories above in **Phase 4**.

No, with the following exception: We will be unable to achieve six feet of social distancing in all of our indoor areas. We will create as much social distance as physically possible in our classrooms and on our buses, but we cannot guarantee six feet between each individual.

Final Steps for Submission

Each district shall submit a single completed Assurance Document and Preparedness Plan to its Board of Education (in the case of a PSA, the Academy Board of Directors; in the case of a nonpublic school, the chief or designated school administrator) in time for approval by August 15 or seven days before the first day of school, whichever comes first.

Date of Approval by the District Board of Education, PSA Board of Directors, or nonpublic school chief/designated school administrator: August 5, 2020

Link to the Board Meeting Minutes or Signature of Board President, or signature of nonpublic school chief/designated school administrator:

<https://nice.k12.mi.us/wp-content/uploads/2020/08/Minutes-Special-August-5-2020-1.pdf>

Link to the approved Plan posted on the District/PSA/nonpublic school website:<https://nice.k12.mi.us/>

The Preparedness Plan will be collected by the Intermediate School District for public school districts, the authorizing body for public school academies, or the chief/designated school administrator for nonpublic schools for transmission to the State Superintendent of Public Instruction and State Treasurer by August 17, 2020. Additionally, this Preparedness Plan must be posted on the district's/PSA's, or nonpublic school's public website home page no later than August 17, 2020.

Name of District/PSA/Nonpublic Leader Submitting Plan: Bryan DeAugustine

Date Received by the ISD/Authorizing Body/Chief or designated School Administrator:

Date Submitted to State Superintendent and State Treasurer:
