

We have been quarantined, What do we do now?

First of all, don't panic, we are all in this together. Even though you are staying at home, you are still a part of the NICE family, and we want to support you in every way that we can. Here are some steps to take for your family:

- **Please contact your child's teachers via email.** Each student should have their teacher's email available to them already. If not, please log onto family access for assistance. You can discuss with the teacher the best way to keep your student current with their academic plan.
- **Please contact the Marquette County Health Department for a return to school date.** This date will depend on individual information that is unique to your family situation. Please notify the school nurse with the return to school date assigned by the health department. Their number is 475-7844.
- **Please ask your health care provider to email any medical results to YOU.** You will then be able to forward the documentation to the school nurse at korpia@nice.k12.mi.us. This information is confidential and will be used for attendance and return to school record keeping only. Or fax records to Aspen Ridge at (906)485-3182 or WHS at (906)485-1530. You may call the nurse at (906)485-3175 x3199.
- **Free food service is available for pick up** for all students that are enrolled in the NICE Community School District. If you are interested in picking up free breakfast and free lunches, please contact Melissa Maki at 485-1021 x 7113. See the information on the back of this page.

In addition, any homework, belongings & food pick up should be done as a curbside-contactless basis. Please call the office when you are planning on picking up any supplies, we will have a bag with your child's name on it outside of the school office to be picked up without a family member needing to come inside. This will help to protect our school staff that will be assisting us with all of our students inside and outside of school.

We will get through this together. Please feel free to contact me with any question or concerns.

Partners in wellness,

Andi Korpi

NICE Nurse
