

Patriot Online Academy NICE Community Schools

The Patriot Online Academy will allow learners in grades 6-12 to learn in an online community that fosters independence, critical thinking, creativity and problem solving skills. Our alternative learning environment will provide high quality standards-driven curriculum that will allow the students to learn anytime and anywhere.

Patriot Online Academy NICE Community Schools Contract for Online Learners

Introduction

Welcome to Online Learning with the Patriot Online Academy at NICE Community Schools. Participation has similar requirements to other courses at NICE Community Schools. Learners are bound by standards in the Student Handbook. The big difference is learners are expected to be more independent in terms of learning and meeting the requirements established by the course instructors, mentors, and coordinator.

Attendance

It is suggested that the learner spend at least one hour a day per online course. It is expected that the learner will log in to course(s) on certain days as announced.

Learner Commitment

It is expected that the learner will:

- be committed to the course(s), adhere to the course schedules as prescribed, and understand that drops will be allowed only as outlined by the online provider and the local district.
- communicate with the mentor on a weekly basis and provide weekly progress reports.
- work according to pacing guides in order to complete the requirements of the course.

Parent/Guardian Commitment

It is expected that parents'/guardians' participation in a child's education will help determine his/her likelihood of success. Therefore, parents/guardians are expected to monitor and support the child in his/her studies, agree to be accessible to the mentor to discuss the child's progress, and promote good attendance and time management of the child's participation.

Acceptable Use Policy

It is the responsibility of the learner to know the contents of any Acceptable Use Policies that apply in addition to the AUP of NICE Community Schools. Anything that learners do in the course(s) taken can be retrieved and monitored by the mentor/coordinator/instructor at any time.

Tests/Exams

The online provider may require all or some of the tests/exams to be proctored by the mentor or other responsible adult. Arrangements will be made with the mentor as needed. Learners enrolled in the district seat time waiver program must take the grade appropriate state assessment exam. (see the Academic Benchmarks document.)

Technology

A computer will be offered to learners enrolled under an approved seat time waiver that includes internet capacity and appropriate software configuration for use by the pupil in the home for the length of time that the pupil is enrolled in the seat time waiver program. The broadband internet capacity shall be a minimum of 1 Mbsp up/3 Mbsp down for use in the home for the length of time that the pupil is enrolled in the seat time waiver program. Where broadband access is severely limited, the Michigan Department of Education must give written approval for "offline" computer-based delivery of instruction and an alternative means of providing teacher-pupil interaction shall be required and shall be documented. Parents/Guardians can/should opt-out if access is adequate at home. If the learner loses internet connectivity, it must be communicated to NICE Community Schools within 24 hours.

Course Costs

NICE Community Schools will bear the cost of the online course if the learner is registered in the NICE Community Schools. Failure to meet the guidelines in this contract will result in reimbursement to NICE Community Schools of costs incurred.

NICE Community Schools Transcript

All final scores provided by the instructor will be converted to a letter grade as per the NICE Community Schools handbook and will be listed on the learner’s transcript and included in the cumulative Grade Point average (GPA).

Cheating/Plagiarism

Cheating is considered a serious academic offense. Examples of cheating include, but are not limited to:

- A. Unauthorized sharing of test answers.
- B. Unauthorized sharing of class assignments or homework.
- C. Plagiarism

For purposes of this offense, plagiarism is defined as: the unauthorized representation of another’s work as one’s own. In addition, any unethical practice which compromises the integrity or teacher’s intent of an assignment, test or quiz such as (but not limited to) the use of unauthorized resources (calculator, teacher materials, textbooks, another learner’s work, etc.) shall be deemed to be cheating or plagiarism and will result in the following disciplinary action:

First offense— Loss of grade for assignment, parent and administration informed.

Second offense— Loss of grade for assignment, suspension from class until a conference is held with parents and administration, and possible failure of course.

Third offense— Automatic failure/loss of credit of course. Learner/Parents to cover cost of course.

The administration reserves the right to treat subsequent offenses in separate school years at the second and/or third offense levels.

Contract Violation

Consequences for violation of provisions of this contract:

1st offense: Verbal warning. Parents and local school district administration notified.

2nd offense: Written warning. Parents and local school district notified. Possible removal from program.

Learner and Parent/Guardian Acknowledgment and Understanding

I have read and understand the expectations in this contract.

**Patriot Online Academy
NICE Community Schools
Technology Requirements/Waiver**

In accordance with the Michigan Department of Education Pupil Accounting Manual 5-O-B A.6.a. and A.6.b., a computer will be offered to learners enrolled under an approved seat time waiver that includes internet capacity and appropriate software configuration for use by the pupil in the home for the length of time that the pupil is enrolled in the seat time waiver program. The broadband internet capacity shall be a minimum of 1 Mbsp up/3 Mbsp down for use in the home for the length of time that the pupil is enrolled in the seat time waiver program. Where broadband access is severely limited, the Michigan Department of Education must give written approval for "offline" computer-based delivery of instruction and an alternative means of providing teacher-pupil interaction shall be required and shall be documented.

Waiver of Technology Requirements

I have read and understand the technology requirements and choose to waive my rights to have NICE Community Schools provide a computer and internet access due to having adequate availability of a computer and internet access in the home.

Parent/Guardian: _____ Date: _____

Coordinator: _____ Date: _____

Patriot Online Academy NICE Community Schools Academic Benchmarks

The Patriot Online Academy is committed to high academic standards and will require seat time waiver learners to validate their learning by the following assessments as required in the Michigan Department of Education Pupil Accounting Manual (5-O-B: Seat Time Waiver):

1. **Grade Appropriate Assessment** — Pupils enrolling in a district seat time waiver program must take the grade appropriate state assessment exam.

2. **Michigan Merit Examination (MME)** — Pupils enrolled in a district seat time waiver program, who have earned 12 or more credits toward the high school diploma, must take the MME as scheduled by the Department of Education’s Office of Assessment and Accountability. Pupils may only enroll in the district’s seat time waiver program and claim more than 16 credits if the district arranges for the pupil to take the MME within the first year of enrollment.

NICE Community Schools will provide a learner with the testing materials at a location and time TBA. Patriot Online Academy learners and parents/guardians will be notified of the dates and locations of the appropriate testing. Learners and parents/guardians will be responsible to be in attendance for the appropriate exams.

- State assessments are required for:
- Grades 6-7-8 reading (2 days)
 - Grade 7 writing (2 days)
 - Grades 6-7-8 math
 - Grade 6 social studies
 - Grade 8 science
 - Grade 9 social studies
 - Grade 11 Michigan Merit Exam (3 days)

<http://westwood.nice.k12.mi.us>

Dear Parent / Guardian,

You are receiving this letter because your child has enrolled through the Patriot Online Academy (POA) for the 2nd semester of the 2021/2022 school year. Our POA classes require a high level of responsibility on the part of the student. The POA curriculum differs from our traditional classes in several ways. The most significant differences for your child will be the self-directed learning and the fact that your child is not required to log in during any specific time during the day.

The two most vital characteristics of a successful online student are self-motivation and self-discipline. It is very easy to fall behind in the online world, even for our best students. The advantages of online learning can also be drawbacks. The online academy is designed to be flexible. Students can work anywhere at any time, but keep in mind, since your student is not required to log in at specific times during the day, it can be very easy to procrastinate. We recommend setting a daily schedule for each class and sticking to it. Students are allowed to work ahead of schedule and finish early if they so choose.

Please note, quarterly grades WILL be assigned to our POA classes which means your student will have to be **at or beyond 50% course completion by March 25th, 2022** and 100% completion by June 3rd, 2022. Students are required to complete approximately 5% progress in each course each week. In addition, POA students need to work diligently throughout the semester to maintain adequate progress and remain eligible for athletics. We encourage our parents to track student progress through the login page or by contacting the student's mentor, Scott Syrjala. Mr. Syrjala's email address is syrjalas@nice.k12.mi.us.

Additionally, each student is required to have at least one contact per week with their "Teacher of Record." Students will have a local "teacher of record" for each online class. This communication must pertain to the course content. Students can expect a "Welcome Letter" from their respective teachers during the first week of school. The welcome letter will include office hours and contact information.

Finally, each student will be responsible for filling out an EDP (Educational Development Plan) attachment to have on file with their EDP. Enclosed is the form. Please fill it out and return it back to the high school office.

Complete and return the bottom section of this letter to the high school office for student enrollment. If you have any questions please contact Mr. Corcoran at 485-1023 during regular school hours.

Sincerely,

Mr. Kurt Corcoran, POA Administrator

Signing below indicates that you have read, understand, and agree with the Patriot Online student responsibilities. If you would like to be enrolled in the "Parent Portal" which would allow you access to your child's progress, please include your e-mail address. You will be sent a confirmation email with directions on how to access your child's progress.
